

CUSTOM WORKS

GPS/Cycle computer MOUNT

CNC machined aluminum Cycle Computer MOUNT

Lightweight (19 grams) and high rigidity

The Cycle Computer MOUNT can place most cycle computers/GPS of the major companies' such as GARMIN, CATEYE, etc. in front of the handlebar, where it is both easier to view and operate, utilizing their original handlebar brackets.

The fore-and-aft adjustment (3 positions) is possible.
Easy open-clamp mounting
The double slant bolts system provides secure fit without damaging a carbon handlebar.

The elastic band brackets, cable tie brackets and multi-size brackets can be mounted.

CATEYE type bracket

GARMIN type elastic bands bracket

*The GPS/Cycle computers are not included in the product.

Specification

Handlebar clamp diameter : $\Phi 31.8\text{mm}$

Standard Colors : Black, Red

Custom colors :

Aqua Blue, Neon Pink, Gold, Bright Orange, Purple
